Step 1: Study at Isara
Welcome to Lyon

A dynamic environment
Isara is located in Lyon, south-east of France, in a very dynamic environment close to companies, research centers and professionals working in agriculture, food industry, rural development and environment sectors.

An ideal location...
Apart from culture, gastronomy and sports, Lyon is also a big city which has remained convivial and which you can easily explore on foot. Also, thanks to Lyon’s favorable geographic location, sharing borders with Italy and Switzerland, near mountains and the sea you will have the opportunity to take part in a variety of leisure activities.

A vibrant student city
Second-ranking city in France in regards to its number of students, Lyon possesses a rich cultural and gastronomic tradition and an ‘old town’ which was designated World Heritage Site by UNESCO. Our lively city will offer you an exceptional quality of life.

With a nice climate
The natural diversity of this area (Mediterranean and temperate climate, plains and mountains) provides an easy access to a wide range of activities related to agriculture and food: various crop products (fruit, cereal plants, vines, vegetables, etc.), cattle breeding, and many other activities which are strongly linked to a huge network of food-processing industries.
How to get to Lyon and to Isara?

By Plane
Lyon-Saint Exupéry international airport (46 international and 32 national links - 15 miles east of Lyon) is less than an hour drive from Lyon. It can be more easily and quickly reached via the Rhônexpress shuttle:

- Departure: every 15 minutes – Duration: 30 minutes [https://www.rhonexpress.fr/](https://www.rhonexpress.fr/)
- Cost: 16.30€ per person (15.20€ if prepaid on the Internet) or 13.60€ under 25 years old

By Train
- From Paris «Roissy-Charles de Gaulle» airport or Paris «Gare de Lyon» train station to Lyon «Part-Dieu» or Lyon «Perrache» train stations: 30 TGV high-speed trains daily (2-hour journey)

- From Marseille: 1 hour and 40 minutes [https://www.oui.sncf/](https://www.oui.sncf/)

You may also want to use the Ouigo high speed train service, which usually operates from/to remote train stations but at a more affordable price (starting price from Paris «Marne-La-Vallée» to Lyon «Saint Exupéry»: 10€). [https://www.ouigo.com/](https://www.ouigo.com/)

By Bus
Broad range of destinations at very affordable prices (starting price from Paris to Lyon: 5€):

- Flixbus: [https://www.flixbus.fr/](https://www.flixbus.fr/)
- BlaBlaBus: [https://fr.ouibus.com/](https://fr.ouibus.com/)
- Eurolines: [https://www.eurolines.fr/](https://www.eurolines.fr/)

From Lyon «Part-Dieu» train station to ISARA:

- At Part-Dieu station, take the exit “Vivier Merle” to find the subway
- Take the subway line B (blue) toward “Gare d’Oullins"
- Get off the subway at “Stade de Gerland”
- Take the exit “Parc Relais TCL” (up two flights of stairs)
- Walk straight for 50 meters; then turn on your right and cross a large parking lot. On the other side of the parking lot, you will find the street “Jean Baldassini”. Continue walking straight. Isara is located 100 meters down this street, on your left.
Isara was created in 1968 to train students to become managers specialized in agriculture. Isara delivers engineering degrees (master level diploma accredited by the French State) and international masters. Since its creation, rural development has been an important part of Isara’s higher education and research activities.

New curricula were created, among which vocational engineering training (MSc level), engineering training in apprenticeship (MSc level), 2 MSc in Agroecology and, 1 MSc in Sustainable Food Systems.

Over the last 20 years, applied research, study, consulting and expertise activities, innovation, entrepreneurship have also been developed by Isara.

These activities play a very important role in our higher education programs as they continually help improve our teaching staff’s skills, create linkages with professional and scientific stakeholders, and develop Isara’s reputation, among other.

Isara has developed its higher education and R&D partnership in the Provence-Alpes-Côte-d’Azur area through the integration of ISEMA (Institut Supérieur Européen de Management Agroalimentaire) and as a member of the “Fruits & Vegetables” Cluster.

In April 2007, Isara moved to the Gerland district of Lyon, an area which became increasingly important to the city due to the scientific and biotechnological development.

Isara is situated at Agrapole, a center of excellence created by Rhône-Alpes local authorities, specialized in agriculture and food, which includes over fifty professional organizations working in these sectors.

La Source: library and documentation resources

In the library, comfortable seating is at disposal to surf on the Internet, with tablets available to all students. You can also keep up with the latest news by reading a range of daily newspapers.

Internet and computer resources

Isara also offers free Wi-Fi connection to all students in the whole building as well as 80 computers available in several IT rooms.

Furthermore, our students have access to their schedule, information on classes, Isara-emails and contacts with teachers directly through our Intranet.

The student common room

The student common room called “Le Foyer” provides fridges, a few microwaves, running water, sandwiches, coffee and tea and places to seat and eat. This is where the students use to meet and spend time together outside class.

Snack and cafeterias

There is one small snack inside Isara called “Prestal Vente à emporter” located in the ground floor. Here you can buy sandwiches, salads, warm plates, fruits and drinks. It is open every day from 11:30 am to 01:30 pm.

Two restaurants (“restaurant universitaire” or “Resto’U”) are located inside the Ecole Normale Supérieure de Lyon, near Isara.
- **Resto’U ENS, site René Descartes:** 15, parvis René Descartes 69007 Lyon
- **Resto’U ENS, site Monod:** 46, allée d’Italie 69007 Lyon

One meal at the cafeteria is 3.30€ and can be paid with your student card. The card must be activated at the desk of the cafeteria. You will then have to charge it with your credit/debit card.
Students associations

Settling into campus life - students associations

There are different student associations at Isara:

ISAR’RIVENT: The student union dedicated to International Students.

ISAR’RIVENT is composed of a group of students from Isara. Its goal is to welcome and to ensure the integration of international students. They do their best to accompany and help international students, from their arrival (at the airport or at the train station), to their departure. They organize a lot of different events like: hiking, outings in restaurants and the celebration of Traditional French events. A buddy program is offered for all international students thanks to the help of French volunteer students (from second year to fifth year). Do not hesitate to contact them at isarrivent@etu.isara.fr

BDE: the Student Union (Bureau Des Étudiants) with its team of more than 30 members, will give you useful information regarding all student activities offered at Isara (sport, music, event…). The BDE is available every day from 1:00 to 2:00pm and also usually during the 10:00am morning break.

ISARAMAP: an association supporting small farming that creates a direct link between producers and consumers. You will be able to register for a semester or a year in order to get vegetables, bread, fruits, eggs, cheese weekly. Isaramap Facebook page

APE: The Junior entreprise of Isara Facebook page

FF Sport: (French Federation of Sport at University) offers a wide range of sports available to all students. You can find an example of Medical Sport Certificate to use (mandatory document to be filled-up by your Doctor and given directly to Isara while registering to a sport).

APPENDIX 2 – Medical Certificate p.29
You will find on it a list of all different sports proposed.
Step 2: International Programs
Isara offers international students the opportunity to choose courses within different type of programs: academic exchange, MSc and summer school programs.

All classes offered at Isara are listed on our website on this page: here!

Come and study at Isara as an exchange student:

Exchange students can study at Isara for one or two semesters. Courses are taught in English, French or mixed and students can choose among different specializations:

- Agriculture, environment and resource management
- Sustainable rural development
- Markets and corporate management
- Food science and the management of food industries

Requirements: students must have at least a bachelor level to study at Isara to be able to study at a master level during the 4th (M1) or the 5th year (M2).

It is important to have a good command* of French and/or English for courses taught in these languages. *Level B1 in the Common European Framework of Reference for Languages

Application deadlines:
- Fall semester: May 15th
- Spring semester: October 15th

The complete application documents must be sent by email to: student@isara.fr We cannot guarantee accommodation if applications are submitted after these dates.
Come and study in our MSc Agroecology / Sustainable Food Systems

Several international MSc programmes are offered to international students in collaboration with partner universities worldwide. More information on our dedicated websites:

- **European MSc Agroecology** in cooperation with the Norwegian University of Life Science: [https://www.agroecos.fr/](https://www.agroecos.fr/)
- **MSc Agroecology-Organic Agriculture** in cooperation with Wageningen University: [https://www.agroecology.fr/](https://www.agroecology.fr/)
- **Sustainable Food Systems**: [http://www.susfoods.eu/](http://www.susfoods.eu/)

**Application deadlines:**

- **Non-European students**: February 1st (MSc Agroecology) / March 1st (Sustainable Food Systems)
- **European students**: March 1st (MSc Agroecology) / April 1st (Sustainable Food Systems)

Come and study at Isara in the summer

**Two options are available if you want to study at Isara over the summer.**

**The Agroecology and Sustainable Food Systems Summer School** is a comprehensive program of French language lessons, scientific courses on Agroecology as well as excursions, visits and hands-on learning opportunities. This 5-week English taught program takes place each year between mid-June to mid-July.

**Application deadline:**
April 12th, 2020
Registration on [www.iplsummerschool.com](http://www.iplsummerschool.com)

The **Sustainable Agriculture and Food Heritage Summer School** is a two-week comprehensive program with lectures, case studies, field work and excursions.

**Application deadline:**
May 31st, 2020
Registration on our [website](http://www.iplsummerschool.com).

**Watch our Agroecology Summer school video below!**
Step 3: Before coming
Once selected and before your arrival, please contact us to let us know when you will be arriving (date - time - place). It is also important to contact your coordinator in your home university for administrative formalities such as visa, insurance coverage and so on...

CHECK-LIST:

ALL students: please make sure to bring all the following documents with you to France:

- Your passport or national identity card (the latter for European Union citizens only)
- Your birth certificate for some French administration procedures, you will need to have a certified translation or an apostille. If necessary you can translate your document in Lyon upon arrival.
- Proof of your insurance policy including your civil liability and repatriation insurance
- Your European health insurance card for EU students
- 1 headshot picture of you

You will be asked to provide these documents to complete various administrative files (CAF, CROUS, bank, insurance, etc.).
We strongly recommend you to apply for a VLS-TS (Students) (Visa long séjour valant titre de séjour) which will allow you to renew your visa if needed, to work 60% of the time and to ask for social housing allowance (CAF) in France. You will need to validate your VISA online upon arrival.

At the consulate or embassy, do not hesitate to be very clear and describe your academic project (wish to make an internship after an academic semester for instance) and your situation in France to make sure you will be given the appropriate VISA.

For the MSc Sustainable Food Systems and Agroecology, you will apply for a French VISA in the country where you are studying during the second semester.

You must schedule an in-person appointment at the closest French consulate via its official website. **We encourage you to book your appointment at least 6 to 8 weeks before departure.** Your visa appointment at a French consulate must take place no more than 90 days before, and at least 2 weeks before, your departure to France.

*Please note that sometimes it may take up to four weeks until the next appointment is available, especially in summer.*

**You are required to attend the visa interview at the consulate in person.**

The main documents to supply are:

- **Your passport** (the validity of the passport must correspond to the duration of the visa requested).
- **Isara certificate of enrollment.**
- **Proof of income.**

Depending on the country, other documents can be required.

**Note that you might/will have to pay Visa fees.**

---

**Campus France online application process**

If you live in one of the 44 countries concerned, you MUST complete the Campus France online application process BEFORE you start your visa application:

After you have created your Campus France account through the online PASTEL system and have filled out the personal information section, you will be automatically assigned to the closest French consulate to your permanent address. Then, you must schedule an in-person appointment at your assigned consulate via its official website.

*Please note that the Campus France application will NOT be carried out by Isara. You must therefore enroll in BOTH Campus France and Isara (2 separate files).*
Only for MSc students: Contribution Vie Étudiante et de Campus

In France, all graduate students must pay a Student Life Contribution to the CROUS (in French: “Contribution Vie Etudiante et de Campus” - CVEC) of 91€/student/ 2020-21 academic year. CROUS issues a reference number upon payment of the contribution by the student. This reference number is to be submitted by the student to Isara before your arrival.

For more information: CVEC Procedure
Step 4: Upon arrival
The Université de Lyon and its partners are working together to greet you and help you get settled.

At the beginning of each academic year, the Students Welcome Desk offers a reception desk where you will find all of the services and information you need, and receive support for all of your administrative procedures, including your residence permit, long-stay visa, housing and jobs, transit, health and access to healthcare, culture, tourism, etc.

The Students Welcome Desk also organizes “Meet & Greets” on various themes, both during the daytime and in the early evening, so you can meet and talk to people involved in student life and settle into the city.

You must participate in this Student Welcome Desk so you can get off to a good start: all your administrative procedures at a glance!

Accommodation

There is no student hall on Isara campus.

Different options:

THE CROUS

The CROUS is the institution providing student accommodation in France. Isara has an agreement with the CROUS enabling us to provide rooms for our International students (according to rooms availability).

You cannot book these residences yourself. Therefore, you must send to us your Accommodation Form filled in and signed in order to book a room.

Since the demand is very high and because only a few rooms are available, there are 2 constraints:

• You have to send your accommodation application to us as early as possible.
• You must agree to rent a room for a full period (For example: from July/August to the end of December and/or from the beginning of January to the end of June/July).

Accommodation will be given on a first-come, first-served basis and according to Isara’s possibilities.

Description of the different rooms:

• Room:
(around 10 m²) includes a bathroom and toilet. The kitchen is shared. No kitchenware (at your charge). Blanket, bolster and bed linen are not provided but can be rented for 10€/month.
Price: 271€/month

• Studio:
(12 to 20m²) includes a bathroom and toilet as well as a private kitchen. No kitchenware (at your charge). Blanket, bolster and bed linen are not provided but can be rented for 10€/month.
Price: 405€/month

• Shared flat:
(generally for 5 people) includes a bathroom, toilet and a kitchen shared by all roommates. No kitchenware (at your charge). Blanket, bolster and bed linen are not provided but can be rented for 10€/month.
Price: 320€/month

The price for 2020-2021 is 271€-405€ / month depending on the residence.

For more information about CROUS student halls, please check the Appendix 1 or contact them directly.
• Try not to arrive during the weekend, the reception desk might be closed.
Students can choose alternative accommodations, without the help of Isara:

- Be hosted by a French family in Lyon: [https://www.expat-agency-lyon.com/](https://www.expat-agency-lyon.com/)
- Experience intergenerational living: [https://www.esdes-intergenerations.net/](https://www.esdes-intergenerations.net/) & le Pari Solidaire
- Rent a small apartment in a private student Hall (18 to 40 m²): [http://www.studilodge.fr/fr](http://www.studilodge.fr/fr)

Housing insurance

You will be required to subscribe a housing insurance policy upon arrival, whichever housing choice you make. We suggest, for instance, the services of the ADH, which offers both civil liability and housing insurance at a very affordable price (basic “Formule 2” is 29.90€ and covers you for a year).
Housing allowance

CAF (Caisse des Allocations Familiales) is a family benefits organization. As a student renting an apartment in France, you are eligible for housing allowance - called “Aide Personnalisée au Logement” (APL) - provided by this organization.

The amount depends on the location of the apartment, its surface area and the revenues of the student. You can apply online (below), go directly to the CAF (67 Boulevard Marius Vivier Merle, 69003 Lyon) where they should be able to help, or seek for help during the Welcome desk Days.

To apply online you need:
- Your address in France
- Your French bank details
- Your email address

When the online application has been completed, you need to set up a file. The following documents need to be attached to the file and sent to the address given on the file:
- A « demande d’aide au logement » form, completed by you
- A housing certificate, completed by your landlord or CROUS
- Your civil status documents (i.e. ID, passport, birth certificate (c.f. p- 11 - or family record book)
- Non-EU nationals: a student visa + a copy of your passport showing the “OFII” stamp
- EU nationals: a proof of student status + a copy of your European health insurance card + a formal statement of sufficient resources.

Every document from your country MUST be translated into French by a sworn translator in France. You can find the 2019 list of sworn translators online, or go on Inter service migrant.

Please note that there is a waiting period (délai de carence) of 1 month once you have completed and sent your file to the CAF. The CAF will therefore NOT pay the allowance for the 1st month spent in the apartment. For example, if you are arriving in September and only submit your file to the CAF only in October, you will only receive the APL only from November onwards.
Once in Lyon, you can open a bank account. A French bank account is mandatory if you want to apply for housing allowance.

**How to open a bank account in France?** *(recommended by previous International students)*

Make an appointment by phone or go directly to an agency and bring:

- your passport,
- your visa,
- a proof of residence,
- the Isara enrollment certificate
- a scholarship certificate if you have one

Usually, opening a bank account for a relatively short period of time is free. However, prices depend on the agency. Here are some examples of banks: Crédit Agricole, BNP, Crédit Mutuel, Crédit Coopératif, Banque Populaire.

**Do not forget to close your bank account when you leave France after receiving the CROUS deposit.**

- Check before hand with your bank (in your home country) if there is any partnership with French Banks.
- If needed, bank agencies also offer housing insurance for students.
Non-European students

Students must be enrolled in the French General Social Security scheme. All students will be able to register for free at the French Healthcare Scheme to benefit from the basic social healthcare. You must register on the Social security website: [https://etudiant-etranger.ameli.fr](https://etudiant-etranger.ameli.fr) (available in French, English and Spanish). It is a free healthcare system that allows you to benefit from advantages concerning illness, accident, medication (usually free), etc. E.g. if you go see a doctor, a consultation is ≈ 25€; with it you will be refund 17€ (by presenting your Social Security number to the doctor). Also, if you have a complementary insurance, the total sum could be refund.

European students or non-EU students living in Europe

You are eligible to ask for the European Health Insurance Card at your national health care provider. Please bring the original Card with the appropriate expiry date. Note that you will be covered for the same risks than in your home country, therefore you have to check that your insurance is covering the following items: medical costs & hospitalisation, civil liability, repatriation, work accidents. It is important to keep all your receipts to be reimbursed once back in your country.

Complementary insurance

In all cases, if you have not already subscribed to a complementary insurance in your home country (that it is covering all the following items: medical costs & hospitalization, civil liability, repatriation, work accidents), we strongly recommend you to subscribe to one (for instance SMERRA, PartirAssur). To help you, this website, defined by American authorities, provides a list of English-speaking general practitioners and specialists available in Lyon, French emergency numbers, a list of the main hospitals and pharmacies as well as their location.

Alternatively, the French social security website [http://www.ameli.fr/](http://www.ameli.fr/) is a mine of information that can provide you with the names and addresses of all practitioners in any city in France.

You are in need of support or answers? You are feeling stressed, anxious, depressed or lonely? You are struggling with your studies or having family problems?

For more information, please check the following website [http://www.apsytude.com/fr/](http://www.apsytude.com/fr/)
Cellphone

There are several telephone operators in France, offering a wide range of cellphone plans. We suggest you ask for a plan “sans engagement” (without obligation).

Getting a cellphone deal through a mobile virtual network operator is usually more affordable (for example: Free, B&YOU, Red, Sosh, NRJ Mobile, La Poste mobile, etc.)

Please note: To get a cellphone plan you MUST open a bank account beforehand and provide a French address. Do not forget to close your cellphone plan.

Shops

During weekdays, supermarkets and shops are open from 08:30 am to 08:30 pm. Most of the shops are closed on Sundays in France. However, some supermarkets are open until midday and most of the restaurants in the city center are open.

Voltage

Voltage is 220 V 50 Hz in France. Electrical outlets are European type. We recommend you to check prior departure whether you need a power plug adapter or voltage converter or not.

Temperature

France has a mostly temperate climate but also includes many regional differences. Average winter temperatures range from 32° F to 46° F and average summer temperatures from 61° F to 90° F. Winters are a lot colder in Lyon area due to the proximity with mountains. During summertime, you can have very warm days (35°C ≈ 95°F) but also some chilly days (14-18°C ≈ 57.2-64.4°F). Please also note that facilities are rarely air-conditioned, and there are no mosquito screens at the windows.
The TCL network (Transports en Commun Lyonnais) offers a wide range of services as it includes 4 “metro” lines, 6 tramway lines, 2 funicular lines and over 130 bus lines. You can easily go from one place to another in the city using different lines. However, do not forget to validate your ticket each time you change lines.

**How to create your TCL student card?**

Go to a TCL Agency (Hôtel de Ville, Bellecour, Gorge de Loup, Perrache, Part-Dieu...) with your:

- ID card or your passport
- Isara enrollment certificate
- Housing certificate

(ask for one at your student residence or ask for an Attestation de domicile)

A 5€ fee applies at the creation of your TCL card. Each month, you can pay for your subscription in an agency or via one of the 410 vending machines at your disposal in the metro and tramway stations.
